## **youCompli and Capstone Health Alliance announce Landmark Partnership Agreement Regulatory Knowledge Sharing Platform Marks Capstone's 1<sup>st</sup> Offering Into Legal and Compliance Area's of Healthcare**

*Asheville, North Carolina, January 5, 2018* — Capstone Health Alliance is pleased to announce a new agreement with youCompli, the 1<sup>st</sup>-of-its-kind regulatory knowledge sharing software platform. youCompli provides access to an almost unlimited supply of compliance professionals all focused on making compliance more efficient and less expensive. Their system helps ensure Capstone members don't waste time on regulations that don't matter to them. The ones that do, are translated into business requirements (the specific activities that are required to comply). After validation by a nationally recognized law firm, the requirements are delivered in a workflow software Capstone members will then use to ensure the requirements are completed.

Capstone Vice President, Planning and Strategy, Jackie Dula, said, "Capstone is always searching for ways to drive more value to our members. youCompli not only solves a complex problem all our members have (regulatory compliance), but their business model is very unique, focusing on high value at very competitive cost." Ms. Dula added, "we are excited to broadening the types of purchased services (to include compliance software) we provide to our members. Additionally, Capstone members that sign up before March 31st 2018 will benefit from significant early adopter discounts."

youCompli Founder & CEO, Jerry Shafran, said, "Like all healthcare providers, Capstone members' operating budgets are under pressure. Compliance departments are all being asked to do more with less", he continued, "compliance professionals leveraging our platform will be able to much more effectively manage the challenges today's regulatory landscape offers, while decreasing their operating costs".
