Capstone Health Alliance announces new member – Adventist HealthCare

Fletcher, North Carolina, May 9, 2019 – Capstone Health Alliance is proud to announce Adventist HealthCare is the newest health system to join the alliance. Founded in 1907, Adventist HealthCare is the first, largest and only health system headquartered in Montgomery County, MD with over 430 licensed beds. The system operates nationally accredited facilities including two acute-care hospitals and a rehabilitation hospital, as well as offering mental health services, home health agencies, physician networks, urgent care centers and imaging centers. Adventist HealthCare is dedicated to cultivating wellness by meeting the ongoing needs of their community.

“Adventist HealthCare is a fantastic addition to Capstone. We are pleased and honored to have Adventist HealthCare select Capstone as its partner to reduce cost. Adventist HealthCare is a progressive healthcare organization with an outstanding reputation for patient care. We look forward to a great partnership” says Jackie Dula, Chief Customer Officer of Capstone Health Alliance.

About Capstone Health Alliance

Capstone Health Alliance is a regional group purchasing alliance of healthcare members that delivers real cost savings through the power of aggregation and collaboration. Based in Fletcher, North Carolina, Capstone represents over \$9 billion in acute care supply chain spend. To create the best savings opportunities for our members, we pair Premier’s national portfolio with our local aggregation model – blending the best of national and regional contracting – to continually expand our extensive portfolio of more than 750 preferred pricing agreements. Capstone delivers quantifiable savings and actionable data that enable better supply chain decisions for our member facilities. In addition to cost savings initiatives, Capstone members collaborate to share best practices and pursue resource utilization initiatives, all with the intent of improving cost, quality, and outcomes in patient care.
